

tulip time and mary poppins

Mary Poppins' author, PL Travers (real name Helen Lyndon Goff) was born in Queensland in 1899 and lived in Bowral in her teens.

Inspiration for the mystical and magical nanny, Mary Poppins, came to her whilst telling bed time stories to her younger sisters when they lived in Bowral.

The first Mary Poppins book was published 85 years ago in 1934 and was an instant success. PL Travers wrote a further seven titles in the series, the last of which was published in 1988.

90,000 Tulips have been mass planted in Corbett Gardens in a variety of designs complemented by colourful props created by local primary schools, kindergartens and businesses to bring the magic, colour and fun of Mary Poppins to life.
