Web Editor and Newsletter Editor

The Web Editor and Newsletter Editor could be two roles taken by two different people. After the newsletter is written and converted to a PDF, it is forwarded to the Web Editor who adds it to the website under the Newsletter Button.

Web Editor

- The GWR Web Editor is responsible for updating all content on the site.
- Web Editors attend a monthly meeting chaired by Pam Furney via Zoom and
- Submit a monthly report to the GWR Committee via Zoom (at the moment)

Newsletter Editor

You will see when you read the current Newsletters that many people contribute to their content. There are articles, reports on talks, book reviews and GWN Writers Online. Your role would be to liaise with contributors and compile the Newsletter. The Newsletter would become yours to choose the format and future direction.

You would need to put in brief reports on both roles for the monthly Committee minutes and attend a monthly meeting (last Friday of the month). Currently these meetings are held using Zoom technology.
